

TECHNICAL GROUP/DAS/IMSS/OL
WEEKLY REPORT FOR PERIOD ENDING 21 SEPTEMBER 1984

1. Major Activities During the Past Week:

Support to OL:

CONIF (Contract Information System). [REDACTED]

[REDACTED] attended a technical exchange meeting (TEM) on Tuesday, September 17. This meeting dealt with the fiscal year end process, specifically the procedures that would be followed on 01 October. There is still some concern on what jobs will be run when, and whether or not some jobs will have to be run twice during that day. Most of these questions will be answered at the next TEM, 25 September. [REDACTED]
